NOTICE OF EXTENSION OF TIME

(October 24, 2002)

On October 22, 2002, the California Independent System Operator Corporation (ISO) filed a motion for an extension of time within which to make its filings in compliance with the Commission's Order On Rehearing And Compliance Filing (Order), issued October 11, 2002, in the above-docketed proceedings. The motion states that due to limited resources the ISO does not have time to develop the revised tariff provisions and generate the necessary tariff sheets in the time allowed for in the Commission's Order.

Upon consideration, notice is hereby given that an extension of time for the ISO to re-file its Tariff sheets that will become effective October 31, 2002, as directed by the Commission's October 11, 2002 Order is granted to and including October 29, 2002. The Commission will address the request by the ISO to file tariff language for the MD02 elements that will take effect after October 31, 2002 at a later time.
