NOTICE OF EXTENSION OF TIME

(October 17, 2003)

On October 14, 2003, the California Independent System Operator Corporation, Inc. (ISO) and the Cogeneration Association of California (CAC) (together "the Parties") filed a joint motion for an extension of the date for the ISO to comply with Commission Opinion No. 464 issued August 12, 2003, in the above-docketed proceeding. The motion states that additional time is needed to allow the Parties to work towards reaching an agreement in principle regarding the elements of the ISO's compliance filing. The motion further states that Southern California Edison Company does not object to the extension request.

Upon consideration, notice is hereby given that an extension of time for the ISO to make the compliance filing required by Opinion No. 464 is granted to and including November 10, 2003, as requested by the ISO and CAC.
