NOTICE OF FURTHER EXTENSION OF TIME

(November 12, 2003)

On November 6, 2003, the California Independent System Operator Corporation, Inc. (ISO) and the Cogeneration Association of California (CAC) (the Parties) filed a joint motion for a further extension of the date for the ISO to comply with Commission Opinion No. 464 issued August 12, 2003, in the above-docketed proceedings. The motion states that additional time is needed to allow the Parties to work towards reaching an agreement in principle regarding the elements of the ISO's compliance filing. The motion also states that the Parties are authorized to state that the following do not object to a further extension of time: Southern California Edison Company and Modesto Irrigation District, participants in these proceedings, and relevant Commission Litigation Staff.

On October 17, 2003, the Commission issued a notice granting the ISO an extension of time until November 10, 2003 to comply with Order 464. Upon consideration of the instant joint motion, notice is hereby given that an extension of time for the ISO to make the compliance filing required by Opinion No. 464 is granted to and including December 19, 2003, as requested by the ISO and CAC.
