In support thereof, the CAISO states as follows:

I. Description of the Proceeding

On October 31, 2007, Geysers Power Company, LLC (“Geysers”) submitted, pursuant to Section 205 of the Federal Power Act (“FPA”), its annual update filing proposing revised rate schedule sheets to its Reliability Must-Run Agreement (“RMR Agreement”) ^{1/} with the CAISO for Contract Year 2008 for the Geysers Main Units. ^{1/} Because the generation units covered by a RMR agreement must operate at certain times for the reliability of the transmission grid, they are referred to as “reliability must-run” or “RMR” units. Other capitalized terms that are not defined in this filing have the same meaning set forth in the RMR Agreement.

III. Motion to Intervene

Geysers’ RMR units are located within PG&E’s transmission system and are needed to maintain the reliability of such system. As the Control Area Operator responsible for maintaining reliability of the PG&E transmission system and, as the counter party to Geysers’ RMR Agreement, the CAISO has a unique interest in any Commission proceeding that affects this RMR Agreement. Accordingly, the CAISO has a direct and substantial interest in this proceeding and requests that it be permitted to intervene with full rights of a party. Because no other party can adequately represent the CAISO’s interests, the CAISO’s intervention is in the public interest and should be granted.

IV. Conclusion

For the foregoing reasons, the CAISO respectfully requests that the Commission grant the CAISO's motion to intervene and make the CAISO a party in the above-captioned proceeding with full rights of a participant.

Respectfully submitted,

/s/ Mary Anne Sullivan
