NOTICE OF EXTENSION OF TIME

(November 26, 2008)

On November 25, 2008, the California Independent System Operator Corporation (CAISO) and the Western Power Trading Forum (Movants) filed a joint motion for a one-week extension of time to file reply comments as provided for in the Commission's Supplemental Notice of Technical Conference issued on October 28, 2008, in the above-referenced proceeding. The motion states that because of the change in the schedule for MRTU implementation and because parties need to carefully consider their responses to the initial comments, additional time is needed to submit reply comments.

Upon consideration, notice is hereby given that an extension of time for filing reply comments is granted to and including December 9, 2008, as requested by the Movants.
