Attention: William Weaver  
Counsel for California Independent System Operator Corporation

Reference: Compliance Filing

Dear Mr. Weaver:

On September 10, 2014, California Independent System Operator Corporation (CAISO) submitted for filing a Large Generator Interconnection Agreements (LGIA) among San Diego Gas & Electric Company, CAISO, and Nevada Hydro Company, Inc. to comply with the Commission's August 11, 2014 Order.<sup>1</sup> Specifically, in the August 2014 Order, the Commission directed CAISO to file the LGIA in order to implement the Settlement among the parties in Docket No. ER12-1312-000.

CAISO explains that the metadata of the filing reflects an effective date of July 28, 2010, the earliest date the eTariff system will accept, since the relevant Tariff Identifier was established on that date. However, CAISO requests the LGIA to become effective May 11, 2008. The LGIA satisfactorily complies with the directives of the August 2014 Order and is accepted effective May 11, 2008,<sup>2</sup> and the superseding electronic tariff
