Attention: Bradley R. Miliauskas, Esquire  
Attorney for California Independent System  
Operator Corporation

Reference: Motion to Modify the Effective Date of Certain Tariff Revisions

Dear Mr. Miliauskas:

On September 11, 2009, the California Independent System Operator Corporation (CAISO) filed a motion to modify the effective date of tariff sections 34.5(10), 34.15.1(c) and 34.15.5, involving simplified ramping. The Commission previously accepted these tariff sections with an effective date of October 1, 2009.<sup>1</sup> The CAISO states that it now needs to postpone the effective date of the provisions to November 5, 2009, because the software modifications needed to implement the simplified ramping tariff provisions are not ready. The CAISO states that it will make an informational filing with the Commission on October 15, 2009, to confirm that the software revisions needed to implement simplified ramping are on schedule to meet the proposed November 5, 2009 effective date. The November 5, 2009, effective date for sections 34.5(10), 34.15.1(c) and 34.15.5 is accepted.

This filing was noticed on September 16, 2009, as amended on September 21, 2009, with comments, protests, or motions to intervene due on or before September 25, 2009. No motions to intervene, protests or adverse comments were filed in the above dockets.
