Vice Chair Opening

My name is Cathy Snyder. I am a Control Systems Engineer at Grant County PUD. I support our Energy Accounting System which includes interfacing with WIT. I am an OATI Security Officers for Grant and support our other OATI applications. I am celebrating my 5th year at Grant PUD at the end of July. I previously worked in multiple roles in the Purchasing Department and the Information Technology Department for a local chemical company.

Outside of work I am currently in my second year as a commissioner for our local hospital. Being a commissioner has been an eye-opening experience. There is so much to learn about the health industry. My husband and I have a travel trailer that we take to Spokane where our two granddaughters live. They are 5 months and 5 years old.
