Subject: SDG&E Request Window project submissions – 2012 Transmission Plan

Dear Mr. Sparks,

The purpose of this letter is to formally submit the following reliability project through the ISO's 2012/2013 Transmission Planning Process to comply with NERC CAT B criteria.

1) Install Synchronous Condensers at San Luis Rey 230kV Substation

I am confident that the accompanying supplemental submission package meets the ISO's filing requirements and look forward to receiving our validation letter. Please feel free to contact me if you have any questions.

Sincerely,
