II. DESCRIPTION OF THE CAISO AND COMMUNICATIONS

The CAISO is a non-profit public benefit corporation organized under the laws of the State of California with its principal place of business at 151 Blue Ravine Road, Folsom, CA 95630. The CAISO is the Control Area operator responsible for the reliable operation of the electric grid comprising the transmission systems of a number of utilities including San Diego Gas and Electric Company (“SDG&E”) as well as the coordination of the ancillary services and real-time electricity markets in California.

The CAISO requests that all communications and notices concerning this motion and these proceedings be provided to:

III. CAISO’S INTEREST

Dynegy Oakland’s Units are located within SDG&E’s transmission systems. These facilities are needed to maintain the reliability of the ISO Controlled Grid. As the Control Area operator and as the counter party to the RMR Agreements, the CAISO has a unique interest in any Commission proceeding that affects an RMR Agreement. Accordingly, the CAISO has a direct and substantial interest in this proceeding and requests that it be permitted to intervene. Because no other party can adequately represent the CAISO’s

interests in this proceeding, the CAISO's intervention is in the public interest and should be granted.

IV. COMMENTS

The CAISO agrees that proposed changes represent non-substantive revisions and are correct. The CAISO supports the waiver of notice requirement and the requested effective date of August 30, 2007.

V. CONCLUSION

For the foregoing reasons, the CAISO respectfully requests that the Commission grant this Motion to Intervene and make the CAISO a party in the above-caption proceeding with full rights of participation.

Dated: September 19, 2007

Respectfully submitted
