CRR System Upgrade – Project Update & Timeline
Last Updated January 2025

- CRR Code and Database are in MapStage environment and security testing continues, however schedule has delayed from December CPG report
- Investigating to incrementally make APIs available for connectivity testing as they pass security testing (10 Total).
- Updated schedule:

	Task Name	Duration	Start	Finish
1	**CRR Market Sim through Phase 1 Production**	**66 days**	**Tue 1/28/25**	**Wed 4/30/25**
