Re: California Independent System Operator Corporation  
Docket No. ER01-1646-\_\_\_\_

Dear Secretary Boergers:

Enclosed for filing please find a submittal made by the California Independent System Operator Corporation ("ISO") in compliance with the Commission's April 27, 2001 letter order in the above-referenced docket.

On March 29, 2001, the ISO filed, in the above-referenced docket, the Interconnected Control Area Operating Agreement ("ICAOA") between the ISO and Comisión Federal de Electricidad ("CFE") for the purposes explained in the March 29 filing. In its April 27 letter order, the Commission accepted the filing but also required the ISO to submit the ICAOA designated and paginated in compliance with the Commission's letter order and with Order No. 614, 65 Fed. Reg. 18221 (Apr. 7, 2000), FERC Stats. & Regs., Regs. Preambles ¶ 31,096 (2000).

Accordingly, the ISO now submits the ICAOA in a format that complies with these directives. The ISO does not now propose any new substantive changes to the ICAOA. Attachment A to the instant filing contains the ICAOA. Attachment B contains a form notice of filing suitable for publication in the Federal Register. The ISO also includes a computer disk containing the notice of filing in WordPerfect format. Please contact the undersigned with any questions.

Respectfully submitted,

---
